Highlighted Projects

Professional Portfolio Website

Professional website designed to showcase technical projects and skills. Implemented with a focus on modern UI/UX, responsive design, and performance.

Stack: HTML5, CSS3, Bootstrap 5, Javascript, Netlify Hosting

URL: https://glittery-bunny-cd4c28.netlify.app/

Unified Management System M&K (POS, Inventory, and Accounts Receivable)
Developed a unified and modular web system. The system enables quick sales registration, automatic inventory updates, and real-time management of client accounts receivable (credit) from a single platform. This ensured reliable data and faster operations.

Stack: PHP (API/Backend), MariaDB, HTML5/CSS3, Bootstrap 5, JavaScript
